

All-Purpose Cleaner & Degreaser Usage Instructions

Gloves Off™ Disinfectant & Cleaner is a natural action, hard surface disinfectant that kills bacteria and viruses, and eliminates odour-causing germs. The unique solution delivers effective cleaning and disinfection using only plant-based and biodegradable ingredients, making it safe for users and the environment.

Ideal for cleaning, disinfecting and deodorizing countertops, sinks, cabinets, appliances, floors, showers, tubs, toilet bowls, garbage cans, diaper pails and pet areas.

Directions

Always test on an inconspicuous section first.

General household cleaning: Shake well first. Spray soiled area, then wipe clean. No rinsing required.

To disinfect/deodorize hard, non-porous surfaces: Shake well first. Spray until thoroughly wet. Let stand for 10 minutes and then wipe or allow to air dry. Kills bacteria including Staphylococcus aureus (Staph), Salmonella choleraesuis (Salmonella), Escherichia coli (E.coli) and Listeria monocytogenes (Listeria).

Heavily soiled surfaces should be pre-cleaned prior to disinfection. A rinse is required for surfaces that will come in direct contact with food.

Keep out of reach of children. Do not ingest. Avoid contact with eyes.

Disposal: Rinse empty container before disposal.
